Grief Support Group

Openhouse is pleased to bring back the Openhouse Grief Group for individuals seeking to attend to their sadness through personal reflection and shared experience. Grieving can bring forth inner reactions which guide us in knowing more about ourselves and, in turn, one another. The aim is to have the group develop to become a major healing experience during one's journey of grief.

Group Facilitator, Den Reno, PhD is a licensed psychologist who has led grief groups at Openhouse for over 5 years. About Den: "Grieving can widen one's understanding about life and love and become one's companion along the journey. My desire is to share and grow with you about your grief and loss."

An individual introductory session (45 minutes each) with Den is required to confirm the group is a good fit for your needs.

To schedule an interview, contact Ariel at (415) 503-4180 or ariel@openhouse-sf.org

Community Engagement Programs

Would You Like a Visitor?

No matter our situation, we all need connection and community.

If you'd like someone to connect with, our Friendly Visitor program affirms that LGBTQ elders have lifetimes of experience, perspective and know-how. Friendly Visitor volunteers are honored to get to know you. We screen, train

and support all volunteers who spend time with community members for: home visits, walks in the park, outings to the museum, shopping, coffee and tea meet-ups, or just to chat and have some laughs.

To learn more about the program, please contact Sylvia 415.659.8123 or email sylvia@openhouse-sf.org.

New to Openhouse? We would love to hear your perspective!

Openhouse is engaging in an exciting Community Participatory Research Project—which means we want to hear from you, our community! We are seeking input from participants coming to our programs for the first time, so that Openhouse can measure impacts they may experience as a result of engaging in our programs. More specifically, the focus of our research project is to look at outcomes related to participation in Openhouse Lunches, Support Groups, and Friendly Visitor visits. We are seeking community members age 55+ who have attended 5 or FEWER Openhouse activities in the past 2 years. If eligible, participants will be offered an incentive to enroll in the study and to complete several surveys in the next 18 months. Participation is completely voluntary. If you are unsure of how many activities you have attended, let us know.
