

An Invitation From Our Executive Director: Join me for Town Halls!

What an amazing summer it has been! This year's Pride Theme, "Generations of Strength" (created by our friend Larry Nelson) gave visibility to LGBTQ seniors- and allowed us to advocate for seniors to be front and center in the celebration! We danced until our feet hurt at LGBTQ Senior Prom.

We admired the work of talented Openhouse artists with a Pride month art show. We gobbled down the best fried chicken around at the largest Elder/Youth Brunch in history at Dolores Park. Seniors exchanged stories with young and old in the "Seniors Tell All" space at the Civic Center. We helped lead the Pride parade (Contingent #5) with a powerful contingent made up of eight golf carts, two trolleys and over 200 marchers/riders celebrating GenOUT! And then, we took over the Pride mainstage declaring our commitment to our history and our future in which older LGBTQ people are central in our lives and in our fight for social justice. Thank you to everyone who participated and showed up for our community! A special thank you to our incredibly talented and passionate staff at Openhouse who went above and beyond over and over to make our Pride events not just fun, but fierce! After all of the Pride excitement (and some vacation time in July) we are re-energized and ready for what will be a historic year ahead!

By the time you are reading this newsletter, 75/95 Laguna will have all the walls framed

and a complete roof! The project is currently ahead of schedule with an anticipated open date sometime in April 2019. In addition to our plans for a successful lease-up of the 79 units of affordable LGBTQ-welcoming senior housing we have big plans for service expansion and continuing our work to meet the needs of the LGBTQ seniors across the Bay Area.

To that end, it's time for Town Hall Meetings! This will give me a chance to share some of the accomplishments from the past year, as well as the plans for this year and beyond. Most importantly, it will give you a chance to share ideas, ask questions, provide feedback and give me another important opportunity to learn from your experience at Openhouse. I hope many of you will join me! All are welcome- whether you are new or old to our community, a volunteer or a donor, a staff member of a partner organization, a resident of 55 Laguna or someone brand new to our city! Come and be a part of our community!

Thanks,

Karyn Skultety, Executive Director

Please join us in welcoming our new interns from the AccessInstitute

José Buenrostro and Maggie Furey are postgraduate fellows at Access Institute, a community-based mental health clinic in Hayes Valley that has partnered with Openhouse to provide mental health services to the Openhouse community. José and Maggie will be facilitating groups and offering other support in the Support and Wellness Program.

José Buenrostro, M.S. (he/him/his) graduated with a Master's Degree in Clinical Psychology from San Francisco State University where he provided individual psychotherapy to young adults at the SFSU Psychology Clinic. Prior to graduate school, he worked at an assisted living home as a caregiver for residents with dementia and physical disabilities. He's also worked as a residential treatment counselor at Baker Places, a nonprofit organization that provides mental health/substance use residential treatment for clients and case management for those in need of housing and income. Additionally, he's worked as a crisis counselor at SF Suicide Prevention and HIV Nightline providing direct crisis counseling as well as mentoring new volunteers. He is looking forward to working with the community here at Openhouse!

Maggie Furey, MSW (she/her/hers) received her Master's in Social Work from Smith College in 2018. Most recently, she was working at UCSF in a primary care clinic for women who are HIV positive providing individual therapy, case management, and facilitating groups. Her past experiences centered working with an understanding of the complex trauma that populations experience within oppressive systems and how those traumas impacted behavior and/or health outcomes. She is excited to work with and serve the Openhouse

community.

Share Your Feedback: The Openhouse Cultural Humility Training Wednesday, August 15, 2-4PM @ Openhouse Community Room, 55 Laguna St.

Please join us for a community training, and feedback session! At this event, Beck will present the Cultural Humility Training that we do for (Residential, Nursing, Therapy, etc) service providers on working with LGBTQ Older Adults. Check out the presentation, and strengthen it by giving feedback on what YOU would like service providers to know about YOUR history and YOUR concerns in accessing services. Please be advised that this training will cover some of the health disparities and trauma histories of our communities, and may be emotionally intense. There will be Openhouse Staff available to provide emotional support if needed. We are particularly interested in the perspectives of marginalized communities within our community. We strongly encourage the attendance of community members who identify as People of Color, Transgender people, Women, Bisexual people, People with Disabilities, and people experiencing homelessness or are marginally housed.

Light snacks and refreshments will be served. Please RSVP to Beck Epstein, Outreach and Training Manager – beck@openhouse-sf.org or 628.208.0851.

TELL YOUR STORY

JUSTICE IN AGING

FIGHTING SENIOR POVERTY THROUGH LAW

Justice in Aging is a national organization that uses the power of law to fight senior poverty by securing access to affordable health care, economic security, and the courts for older adults with limited resources. Since 1972 we've focused our efforts primarily on populations that have traditionally lacked legal protection such as women, people of color, LGBTQ individuals, and people with limited English proficiency.

We are looking for older women who are excited about telling their stories for a video we are making about older women in poverty.

We will primarily use the video to accompany a new report on Older Women in Poverty: the stats, the causes, and policy recommendations; advocate for policy solutions; on our website and social media; to bring attention to the issues for older women at conferences and trainings; in our fundraising campaigns; and possibly screening at our spring event. We are looking for a few low-income older women who want to participate—tell their stories on camera and be filmed in a “day in the life” and be photographed.

Looking for video participants:

- *Women (and nonbinary/gender nonconforming individuals) who are low-income and 60+
- *Excited to tell their story and participate in our advocacy goals
- *Willing to be filmed in daily life activities in addition to interview-style
- *Hope to feature stories from people of color, SSI recipients, LGBTQIA+ folks, mother in a caregiving role for her mother and kids

Are you interested or do you know someone who might be interested? Please contact: Emma Ayers, Justice in Aging, eayers@justiceinaging.org.

New to Openhouse? We would love to hear your perspective!

Openhouse has an exciting opportunity to learn from you, our community! We've received funding to expand a few of our programs and evaluate their impact through a historic Community Participatory Research Project. We are seeking input from participants experiencing Openhouse programs for the first time, so that we can measure if they make a difference in the lives of LGBTQ seniors. More specifically, the focus of our research project is to look at impacts related to participation in Openhouse Lunches, Support Groups, and Friendly Visitor visits.

We are seeking community members age 55+ who have attended 5 or FEWER Openhouse activities in the past 2 years. If eligible, participants will be offered an incentive to enroll in the study and to complete several surveys in the next 18 months. Participation is completely voluntary. If you are unsure of how many activities you have attended, let us know. *Your voice matters!*

For questions about how to enroll in the study or about CRDP, please contact Ariel at 415-503-4180.
